Welcome to the New Delwood 2022-23 Executive

With this new executive, we say goodbye to some longtime members. We would like to thank Greg Sorenson, Darlene Clark, Kim Mah and Al Clark for their amazing dedication to the Delwood Community over the years. They are leaving some very large shoes to fill.

As these members depart, we have many new faces on the board. We would like to introduce Amelia Wiltzen as VP Admin, Jen Radke-Mercier as Treasurer, Nathaniel Sorochan as Communications Director, Jaydanna Montgomery as Fundraising Director and Jon Buck as Sports Director. For the first time in years, all executive positions have been filled!

We would also like to thank all of you who came out to the AGM in March, your support enables the board to do its best work. Stay tuned for exciting updates from this new executive!

Bicycle Helmet Safety

Head injuries are the leading cause of serious injury and death to kids on wheels*. Most injuries occur when a cyclist suffers a fall, strikes a stationary object, or collides with another cyclist/pedestrian. Remember – it's the law in Alberta that cyclists under the age of 18 must wear a helmet (and highly recommended for all ages). Helmets should be CSA approved and worn during recreational activities such as skateboarding, in-line skating, and cycling.

Getting informed

- Wearing a helmet while cycling can prevent a serious injury, or even save a life;
- Brain injuries can cause permanent disability or death;
- Reduce your risk by always wearing your helmet;
- Replace any helmet that has been involved in a crash, even if it appears undamaged.

Getting started

- Allow children to assist when buying their helmet. Cyclists who choose their own helmet are more likely to wear them;
- Start the habit early. Young children learning to ride tricycles need to wear helmets;
- Parents must lead by example – always wear a helmet when cycling.

Getting the right fit

- Take the time to properly fit and adjust your helmet to ensure maximum protection in case of a crash;
- When worn properly, helmets should fit level, not tilted up, or down over the forehead;
- Helmets should feel snug, but not too tight. To test the fit, the helmet should not fall off when you shake your head from side-to-side while the straps are unfastened;
- Adjust the chin straps to form a “Y” below and slightly forward from the ears;
- Only one finger should be able to fit under the chin strap when it is fastened;
- Do not forget to use the sizing pads included with the helmet. They will help improve the overall fit, comfort and safety.
